

A FP7 funded Coordination Action

„Industrial Water Management on the edge to HORIZON 2020“

Defining actions towards the Industrial Water Vision 2050

Workshop

March 7th, 2013

Venue: KoWi, Rue du Trône 98, Brussels.

ChemWater has developed its Industrial Water Vision 2050 together with many of you in previous workshops. Now it's time to discuss recommendations and actions that are leading towards the realization of the Vision 2050. Horizon 2020, the EIP on Water, PPPs as SPIRE, are initiatives ChemWater is addressing its final action plan to. The workshop will be organized around Research & Technology Development, Demonstration and Innovation. Round table discussions will allow you to actively discuss, contribute and reaching conclusions.

The results of the workshop will feed into ChemWater's recommendations to ongoing and upcoming EU-Programmes and Initiatives. Participation on the workshop is your chance to bring in your ideas and projects that will help to address the European water challenges.
